

We are residents of the San Fernando Valley and we are opposed to the proposed strip mine project planned for the SFV. We urge our leaders to save our mountains from destruction, our community from dust and air pollution, our streets from traffic and 230 truck trips per day, our neighborhoods from heavy equipment and noise pollution and our children and families from health risks. **SIGN ME UP! By signing below, I authorize CASM to (1) keep me informed and (2) forward my name and address to the County for addition to the Scoping Meeting List so I can be notified if/when this project moves forward.**

Name	Signature	Street Address	City	Zip	Phone #	Email

Please return this sign-up sheet to CASM.
